SUMMARY

- Computer Science student seeking a Internship. Skilled in UI/UX, Java, JavaScript, MySQL, and Web Development. Strong problem-solving ability with experience in scalable applications.

EDUCATION

Chaudhary Charan Singh University

Oct 2022 – June 2026

Bachelor of Technology in **Computer Science CGPA - 8.82**

Meerut, India

PROJECTS

UI/UX Design Projects | Figma, Prototyping, Wireframing

🔗 [Figma Preview](#)

- Designed a **Digital Agency Landing Page** (3 pages) and a **Product Cart Card** with image, price, and description.
- Created a **City Ride App UI** (8 pages) with phone verification, sign-up, and Rapido-inspired landing page.
- Built a **Portfolio Design** (7 pages) covering About, Education, Projects, and Contact sections.

Spotify Clone (Music Streaming UI) | React, Tailwind CSS, Advanced CSS (Grid, Flexbox)

🔗 [Source Code](#)

- Developed a responsive **Spotify UI clone** using **React** and **Tailwind CSS**, replicating the real app's design.
- Implemented advanced **CSS techniques** like **CSS Grid, Flexbox, etc** for an authentic layout.
- **Optimized UI performance** with lazy loading and reusable components, improving load speed by **30%**.
- **Ensured full responsiveness** across devices, maintaining a seamless user experience with dynamic scaling.

ATM Interface Simulation | Java, OOP Concepts

🔗 [Source Code](#)

- Developed a **console-based ATM system** supporting **5+ banking operations**, including withdrawals, deposits, and balance inquiries.
- Applied **OOP principles** (Encapsulation, Abstraction) to ensure modularity, reducing code redundancy by **40%**.
- Implemented **exception handling mechanisms**, improving system security and preventing **unauthorized access attempts**.
- **Additional Side Projects:** Built beginner-friendly applications like **Weather forecast App, To-Do App, Tic-Tac-Toe Game**, and a **Calculator**, reinforcing core concepts.

TECHNICAL SKILLS

- **Programming Languages:** Java, Python, JavaScript (ES6+), C/C++, SQL
- **Web Development:** React.js, Tailwind CSS, REST APIs, HTML5/CSS3
- **Databases:** MySQL, MongoDB
- **Developer Tools:** IntelliJ IDEA, VS Code, Git/GitHub, Postman
- **UI/UX Tools:** Figma (Wireframing, Prototyping, Design Systems)

ACHIEVEMENTS

- **LeetCode:** Solved **100+ problems (50+ Medium, 10+ Hard)** 🏆
- **Smart India Hackathon (SIH) 2024:** Member of **Team HexaBruteForce**, securing **3rd place** among **26 teams** at the **university level**. Contributed by developing the **frontend**, creating the **presentation**, and delivering it at the college level.
- **Sports Leadership:** Led my **volleyball team** to **1st place** in the **Inter-Hostel Competition** during my **3rd year**, demonstrating teamwork, strategy, and leadership skills.

CERTIFICATIONS AND TRAINING

- **NCC A Certificate:** Successfully earned the **NCC A Certificate**, demonstrating **discipline, leadership, and physical endurance** through rigorous training and activities.
- **Postman Student API Training:** Completed the **Postman Student Expert Program**, gaining hands-on experience in **API testing, authentication, and request automation**.
